

## **A WARNING #3**

**Presented by Parminder Biant**

**Germany International camp meeting August 2019**

This Presentation was Elder Parminder's first public presentation at the campmeeting.

He used this time as a Introduction to define the objective of his and the others leader's lesson plans.

And so the presentation goes.....

-Many have come anticipating many changes in the movement.

-In order to make an informed decision regarding these changes, you owe it to yourself to listen to the arguments that are to be presented here

-but a word of caution, Do not immediately reject what you hear s error because it is new to you.

-If it's new to you it's because you haven't been keeping pace with what has been carefully laid out over the last 12 months.

-This is said not to shame you or as a rebuke, but as an encouragement to take this weeks opportunity to get up to speed!

-If you're going to leave or if you're going to stay, we want you to do so based upon an intellectual understanding of Truth.

-The role of women, the issue of equality, the change in leadership, and other doctrinal issues will be addressed.

-This is Perhaps the most important campmeeting in the movement.

-This will be the last opportunity to come together as a movement before November 9, 2019

AS He Proceeds, He is fully aware that:

There are already Two Classes

Present.

### **The Bad Class.**

Say: 1) We're confused

2) We're sad

3) The movement is in trouble

4) It's in Rebellion

5) It's been taken off track by the new leadership

6) We want obedience to a plain, "thus saith the lord."

As a Representing:

## **The Good Class**

**He says:**

Your arguments are self defeating, they make no sense.

I will address the two major issues today.

### LEADERSHIP 1A.

God sets up kings and takes down kings.

Surely the Lord will do nothing unless He first reveals His secrets unto His appointed messengers.

He that began a good work will complete it unto the end.

-You believe God has sovereign control over everything in this world.

But... you believe He has lost control over His movement.

-You say We've left the path following another leader.

How do you decide right or wrong in this matter?

--By who you like or Hate: Jeff or Me

And what of Elder Tess.

-A woman, raised up out of seemingly nowhere, not the G.L  
God sets up whom He pleases.

You are not questioning us, you are Questioning God,  
And His Specific Leading.—How He structured and organized  
this movement and who He appointed as Leaders.

And what of Trousers....

-A symbol of equality

-It is a prophetic test, and such it is just like any other test.

-Didn't we all use to say:

1) Believe the 2520 or be lost?

2) Believe in the time of the end or be lost?

3) Believe in 9/11 or be lost?

4) well Believe that trousers isn't about women being able  
to dress like men, but that they are a symbol of equality, and  
not casting judgment upon others who practice this determines  
whether or not you will be saved or lost.

## The second Objection: “Thus saith the Lord”

Everyone knows this is an unreliable way to study.

Question:

1) Do you believe in November 9<sup>th</sup> and in Raphia?

Then... You don't believe in a T.S.T.L, because there is abundant quotes that say no time setting.

2) Haven't you stopped doing public evangelism, say colporteur ministry?

Then...You don't believe in a T.S.T.L, because the S.O.P, and the Bible say take this message non stop to the world.

3) Are you hanging time upon the 3<sup>rd</sup> angel's message to give it power.? Time will never be a TEST.

4) The sda church use to accuse all of us of throwing away a thus saith the lord to follow on in this movement.

And how did we resist it:

By having Faith that God was leading us!

As we Develop these subjects this week,

Seek to understand what is Truth.

You are required on pain of death to understand.

***But Sadly....***

***\*They shut their Eyes***

***\*Closed their Ears***

***\*Cut off all communication***

***And.***

***Left the Omega Movement.***
